

Summary of the main changes to the 2017 Regulations for Disrepute and Red/card/mmo

Disrepute Complaint Regulations

4.2 – Disrepute referral beyond 14 days in exceptional circumstances may be accepted and acted upon, based on the decision by the Chair of the Disrepute Complaint Panel

Red Card & MMO Regulations

4.1 – Removed the distinction between registered and unregistered umpires.

4.4 (now 4.3) – Amended to allow an umpire to inform the “team captain, team official or CDA” rather than the accused to address those situations where an umpire is too intimidated on the day to inform the accused of the MMO. The person informed is then mandated to inform the accused.

4.4.2 – Removed

4.5 (now 4.4) - Jurisdiction around suspensions clearer

5.5.4 – Addition here to deter those appeals intended to “time waste”

6.4 – Provides consistency to the CDAs amending the categorisation of red cards by umpires.
